

Five Ponds Golf Club

Single rider carts during GREEN phase:

Two non-related players may ride together as per the CDC guidelines, effective June 5th 2020.

In green phase, effective June 26th 2020, Five Ponds will require anyone looking to ride alone to pay a 9-hole cart fee in addition to the appropriate cart and greens fees. Though we take your health concerns very seriously, we can no longer guarantee the availability of single rider carts throughout the day as our hours of operation and tee time intervals return back to normal. Thank you for your cooperation with this matter.
